Experience

FULL STACK DEVELOPER, HUSTLE CREATIVES

Remote

May 2024 – Present

- Delivered end-to-end solutions across NestJS, Next.js, Flutter, Django, and AWS Lambda, ensuring scalable production-ready applications
- Took ownership of 5 out of 7 applications, handling feature implementation, issue resolution, and delivery while participating in client meetings
- Implemented timezone-agnostic date handling for globally distributed users, eliminating data inconsistency issues
- Built backend for real-time vehicle tracking system for school buses, capturing live location updates from drivers' mobile devices
- Resolved race condition in high-concurrency session booking system, improving reliability and preventing booking conflicts

ASSOCIATE FULL STACK DEVELOPER, LAUREN

Remote

Sept 2024 – Apr 2025

- Increased automated Aadhaar masking system accuracy from under 80% to 99% by refining image classification models and implementing validation checks
- Developed computer vision models for Aadhaar identification, achieving 94% accuracy with Vision Transformer and 98% with AWS Rekognition
- Engineered end-to-end solution to detect Aadhaar images in documents and mask first 8 digits for privacy compliance
- Implemented automated scheduling system for Aadhaar masking, enabling efficient batch processing at predetermined times

FULL STACK DEVELOPER INTERN, SPORTJACKS

Remote

Feb 2024 – Aug 2024

- Executed end-to-end development on web applications using React.js, Next.js, MUI, Redux Toolkit, and Express.js
- Enhanced backend infrastructure with microservices architecture and Kafka.js for asynchronous communication between services
- Improved user experience by integrating real-time features including notifications powered by Socket.io
- Optimized data management by designing revised database schema, improving query performance and reducing data coupling
- Delivered CRM Admin Dashboard with frontend role-based routing (Next.js/React) and backend authorization (Express.js)

Skills

Languages: Python, JavaScript, TypeScript, Java, Rust, Go, C, C++, Dart

Frameworks & Libraries: Django, FastAPI, NestJS, Express.js, React.js, Next.js, Flutter, Spring Boot, Pandas, Numpy, Tailwind, Redux, Socket.io, Kafka.js, Redis

Cloud & Tools: AWS, AWS Lambda, AWS Rekognition, Firebase, WhatsApp Cloud API, Git

Databases: Dynamo DB, Mongo DB, SQL

Education

Babulal Tarabai Institute of Research and Technology

Bachelor of Technology in Computer Science and Engineering, GPA: 7.5/10.0

Sagar, MP

2021 – May 2025
